

# VAULT OF AGES

## SPOT THE ANACHRONISM

BEFORE

AFTER

### GUIDED OBSERVATION

- The corrected helmet removes the face-mask/parade impression and replaces it with a more functional Roman military form.
- The after image feels less theatrical because the helmet reads as battlefield equipment rather than costume armor.
- Surface wear, metal variation, and practical construction details make the corrected version feel more plausible as handled equipment.

### DISCUSSION PROMPT

Which armor details changed the realism most?
