

VAULT OF AGES

SPOT THE ANACHRONISM

BEFORE

AFTER

GUIDED OBSERVATION

* The corrected image replaces decorative fantasy-style architecture with details that feel more consistent with practical Roman stone construction and temple ornamentation.

* Small environmental corrections — including surface wear, smoke residue, and irregular texture variation — help the after image feel more like an actively used sacred space rather than a staged cinematic set.

DISCUSSION PROMPT

Which correction changed the scene subtly rather than dramatically?
